*At this time, we are unable to enroll online students who reside in the denied states. These states require out-of-state colleges to either apply directly for authorization or participate in a national agreement called the State Authorization Reciprocity Agreement (NC-SARA).

CCBC is not yet eligible to join SARA because participation requires full accreditation. However, completing our accreditation process is a top priority, and once that is in place, we plan to apply for SARA so that students in these states can join our online program.
